

BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 2009-226-E - ORDER NO. 2013-114
MARCH 1, 2013

IN RE: Application of Duke Energy Carolinas, LLC)	ORDER APPROVING
for Authority to Adjust and Increase Its)	CHANGES TO NON-
Electric Rates and Charges)	RESIDENTIAL SMART
)	SAVER PROGRAM AND
)	RESIDENTIAL SMART
)	SAVER PROGRAM

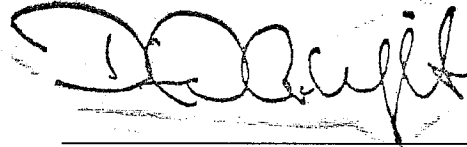

This matter comes before the Public Service Commission of South Carolina (“Commission”) on the Petition of Duke Energy Carolinas, LLC (“DEC” or the “Company”) to modify the Non-Residential Smart Saver Program and the Residential Smart Saver Program previously approved in this Docket. DEC states that the Non-Residential Smart Saver Program proposal reflects changes to federal minimum efficiency standards, while the Residential Smart Saver Program proposal expands to include specialty light bulbs.

According to the Company, the purpose of the Non-Residential Smart Saver Program is to encourage the installation of high efficiency equipment in new or existing non-residential establishments by offsetting a portion of the cost through incentive payments. The purpose of the Residential Smart Saver Program is to encourage the installation of ENERGY STAR or other high efficiency products in new or existing residences by providing incentives to offset a portion of the higher cost of higher efficiency products.

We find that these requested changes are in the public interest and therefore approved.

This Order shall remain in full force and effect until further order of the Commission.

BY ORDER OF THE COMMISSION:

A handwritten signature in black ink, appearing to read "David A. Wright", written over a horizontal line.

David A. Wright, Chairman

ATTEST:

A handwritten signature in black ink, appearing to read "Randy Mitchell", written over a horizontal line.

Randy Mitchell, Vice Chairman
